

### *Carrying bag for equipment*

Equipment carrying bag made of tear-proof fabric in order to contain all the equipment and individual equipment of the Civil Protection.

Composed of two separate compartments, the lower and the upper one.

- The lower compartment, designed to hold shoes, has a rigid bottom and rigid sides of the bag. A preformed material made of impact-resistant material is fitted with movable dividers.
- The upper compartment is characterized by sizes that are suitable to contain all the equipment.

Double metal slide closure.

Possible customization on request

Dimensions: cm. 53 x 32 x (15 + 35).
