

## 80 PERSONAL PROTECTIVE EQUIPMENT

### *Unlined Jacket ST500*

Unlined jacket composed by 340 g SAFAL GREEN single-layer aluminized fabric. (50% para-aramid 50% Panox®), with reinforcements on the neck in OXISTOP compound.

With front opening, composed by an internal closure with a flap stopped by Velcro® F.R. and by a protective strip closed in turn with Velcro® F.R. Korean collar totally quilted and insulated. Set-in sleeves.

Ideal if the risk derives from proximity to heat sources or contact with accidental flames, but above all it protects against radiant heat. The jacket also offers excellent resistance to splashes of aluminium and molten iron.

Total length: 90 cm. (Size L)

Available sizes: S / M / L / XL / XXL / 3XL
