

Neck protection for Vulcan Helmet

Neck protector for the helmet model Vulcan available in 4 types:

- **OS-1:** Short neck protector in flame retardant fabric **Cod. 80.0204.014**
- **OS-2:** Long neck protector in flame retardant fabric resistant to the flames, protects the complete neck. **Cod. 80.0204.052**
- **OS-3:** Short neck protector in black leather. **Cod.80.0204.012**
- **OS-4:** Short neck protector in aluminized fabric. **Cod.80.0204.035**

The neck protector must be fixed starting from the central button. To do this, it is necessary to slightly flex the rear back plate by pulling the belt back. Then attach the other clips. *(see the picture below)*
