

## Hand or Helmet torch ATEX “ZONE0/20” L-5

Robust, reliable and ultralight, **Adalit L5 Plus** can be mounted on the most common firefighter helmets. Certified ATEX ZONE 0/20 to be used in the most dangerous areas and confined spaces, the torch combines a photoluminescent bezel with a light sensor enabling the user to save battery and improve the torch burning time.

- Includes the light sensor for an intelligent management of battery
- On/off button made of touch material, it's placed on the side to guarantee easy finding and pushing the gloves
- The material of the torch body is thermoplastic resin with high resistance to the impacts, extreme temperatures and corrosive substances
- Photoluminescent head that facilitates its position in the event of an accidental fall or loss
- 3 charges available of 1, 3 and 5 positions (*only for the rechargeable version*)

Available in two versions:

- L-5 + with 4 AAA alkalines (included)  
**Cod. 20.0302.014**
- L-5R + Rechargeable battery Li-ion / 3,7 V (included)  
**Cod. 20.0301.019**

The torch is compatible with the majority of the helmets for the firefighters.
