

ADJUSTABLE FOAM NOZZLE LOW/MEDIUM EXPANSION S2/M2 – S4/M4

Made of aluminium and rubber in order to resist shocks and stresses. Low and medium expansion foam delivery, selectable by lever, foam expansion ratio: 1:4/1:10; ideal for the use of mixers of the “Z” line. Ergonomic handle, gradually opening flow opening lever, equipped with pressure gauge to control the inlet pressure.

Connection: 2” (UNI / STORZ / BSS / DSP / NST)
Operating pressure: 7 bar

Model	Thread	Capacity	Dimensions (L.P.H)	Weight (kg.)	Cod.
S2/M2	2”	200 l/min	610x250x205	5,06 without coupling	10.0302.016
S4/M4	2”	400 l/min	665x305x270	7,10 without coupling	10.0301.001
