Charger FirePRO-X

Locate and charge your thermocamera **Reveal FirePRO X** in the best way using the Reveal **Multi-Charge dock**. The compact housing and versatile mounting options allow for placement in the fire station, wall mounting, or wherever appropriate power is available. A removable elastic retention strap keeps charging units attached and secure.

Designed and manufactured in Santa Barbara, California.

FEATURES :

- Charge 1-4 FirePRO X at the same time
- AC power supply with USA, EU and UK plugs
- Can be installed on vehicles or walls with brackets included
- LED indicator to show that the unit is properly docked
- Elastic retention strap for a secure hold

KIT INCLUDES :

- Multi-charge with 4 positions
- Wall mounting plate with (4) screws
- Bracket for wall mounting (wall anchor screws not included)
- Elastic retention strap
- AC-DC switching power supply (100-240V in, 5.5V 6.0A out) with US/EU/UK plug adapters
