

Forest-firefighting tool belt

Adjustable Forest-firefighting tool belt made of fireproof fabric composed of a band with a semi-rigid internal core covered with fireproof and waterproof fabric.

The band, along its entire length, is strengthened with four stitchings made with aramid yarn and ends with a full-grain leather insert.

Quick release buckle with triple safety lock.

Three movable and removable loops with snap button, made of the same fireproof and waterproof fabric; two with carabiners and one with a D-ring.

The buckle, snap hooks and D-ring are made of self-extinguishing Nylon.

Band height: mm. 55

Measures: cm. 115 / 130 / 145

Weight (size 130): kg. 0.27

Colour: orange
